JAPANESE ARE ADVANCING

Field Marshal Oyama is Not Awaiting Result of Washington Peace Conference.

GEN. MISTCHENKO'S FORCE DEFEATED

Subsequently the Russians Retrieved Some of the Lost Ground—Prince Frederick Leopold of Prussia was With the Czar's Cavalry—Japs Moving in Three Columns From Korea.

Tokio, June 20.—Advices from the front show that, until last Sunday, the Japanese lines to the extreme west had been practically stationary for three months, about 25 miles north of the Ling where the pursuit of the Russians halted. During this interval the belligerents were 30 miles apart. Only skirmishes occurred until last Sunday, when the Japanese made a rush, advancing 20 miles.

Sunday Field Marshal Oyama announced that a second rush was made Friday, the Japanese occupying a ten-mile line. The whole force followed the railway in its general direction between the Chevang range on the east and the swamps of the Heresu river on the west. The four main roads passing through this territory run parallel with the railway. Along these roads the Japanese columns, three on each road, advanced Thursday night.

The hardest fight was on the extreme left, where Gen. Mistchenko, with 5,000 cavalry and 20 guns, was finally routed, the Russians retreating in great confusion. The Japanese casualties along the entire front, which was 60 miles, were 30 killed, including a number of officers, and 185 wounded. The Russians burned villages and incinerated their dead. Consequently, computation of their losses is difficult. They were probably heavy. Eighty dead Russians were found on the field in front of the central column of the Japanese left wing.

The Japanese now hold the Kuyutsu-Sumien Ching line, ten miles from the Russian advanced fortifications before Feng Haa.

Cavalry Retrieves Lost Ground.

Lidlapudy, Manchuria, June 20.—The Japanese are advancing from the center and westward and are driving in the Russian screens South of Pailun. Further West they turned the Russian extreme right at Liaoyang-chungang Saturday night flanking the Russians out of position after a night long fight. The Japanese force consisted of an infantry division four batteries of artillery and 30 squadrons of cavalry. Gen. Mistchenko's cavalry subsequently retrieved some of the lost ground. During Mistchenko's operations Prince Frederick Leopold of Prussia, representing Emperor William with the Russian army, received his baptism of fire.

According to information received at headquarters the Japanese are moving columns which include 50,000 infantry and corresponding forces of cavalry and field and mountain artillery. These columns are heading for Chitsemi, Kmesan and Kenshan to complete the line of Oyama's army stretching from the Mongolian frontier to the Sea of Japan.

Steamer and Freight Sheds Burn.

Collingwood, Ont., June 20.—The steamer City of Collingwood valued at \$8,000 was totally destroyed by fire Monday at her dock here and two of her deckhands were burned to death. The flames spread to the freight sheds of the Grand Trunk railway line and these also burned before the fire was got under control. The entire contents of the docks were lost.

PEACE PROGRESS IS SLOW

The Political World Awaiting the Action of Belligerent Nations Regarding Their Envoys.

HOPES FOR AN EARLY SETTLEMENT

President Roosevelt Looks for an Early Conclusion of Preliminary Negotiations Which Would Forestall a General Engagement Between the Manchurian Armies That Seems to be Imminent.

Washington, June 20.—While the progress of the preliminary negotiations for peace between the Far Eastern belligerents is necessarily slow at this stage of the preliminary negotiations that President Roosevelt hopes they practically may be concluded before he shall go to Oyster bay for the Summer. His desire to facilitate in every possible way the negotiations induced him to re-consider his original plan to go to Oyster bay this week. After his visit to Worcester and Williamstown, Mass., where he will go to attend the commencement exercises of Clark university and Williams college, he will return to Washington, arriving here next Friday morning. It is expected that if nothing unforeseen shall have occurred in the meantime, some definite announcement of the status of the negotiations may be made soon after his return. There is a possibility even that the selection of the plenipotentiaries of both Russia and Japan may be announced before the president leaves Tuesday night for Massachusetts.

A final determination of the seat of the conference having been reached, the president in common with the political world, is awaiting the action of the belligerent nations as to their peace envoys. With that part of the programme the president naturally has nothing to do. When the selections have been made the names of the envoys of the respective governments will be communicated to the president. By him they in turn will be communicated to the governments in interest and formally announced to the world.

It is hoped here that the arrangements for the conference may proceed with such facility as to avert a general engagement in Manchuria between the forces of Gens. Linvitch and Oyama. The precipitation of a great battle at the present stage of the peace negotiations would be regarded here as a most unfortunate error of judgment, a horror which might imperil seriously the negotiations for the conference. Indeed, it is believed in some quarters that whatever might be the result of such a conflict, it would arouse so much bitterness that the negotiations, the status of which is now so favorable, would collapse.

It can be said that President Roosevelt is giving no heed to irritating personal references to him, which have appeared in a part of the Russian press. His conduct of the peace negotiations thus far has been as nearly directly as possible with the emperors of the belligerent powers and the arrangements concluded represent their personal views as well as his own. The reference to the president by an important St. Petersburg newspaper as a "broker" is regarded here as most unhappy, although it is known in Washington that it does not reflect the sentiments of the St. Petersburg government. Such comments serve, however to accentuate the desire of the president and of the powers generally to avert, if possible, another serious engagement on the Manchurian battlefield, lest the conciliatory efforts heretofore made may be rendered fruitless through the utterances of the Russian press, backed as they may be by the powers of the war party in the empire.

Russian's Plenipotentiaries.

St. Petersburg, June 20.—This being Whit Monday, private as well as public business suspended. At the foreign office only half a dozen officials were on duty. The officials indicate that any number of plenipotentiaries from one to three is agreeable to Russia. In addition to the names of Ambassador Nelidoff and Baron Rosen, the name of Prof. De Maartens, a professor of international law at the University of St. Petersburg, and a member of the international arbitration court is now mentioned and also that of Count Caschl.

Surrendered their Charters.

Peoria, June 20.—The two local unions of the Label league have surrendered their charters as a result of the action of the Chicago convention in expelling Mrs. Sue M. Simpson of this city. The formation of a new organization, auxiliary to the American federation, will follow.

Chicago Grain Firm Fails.

Chicago, June 20.—Fyfe, Manson & Co., a grain commission firm prominent on the Chicago board of trade, went into the hands of a receiver Monday. Notice was posted at the board notifying all persons having trades with the firm to close the trades at once.

A BATTLE OF DIPLOMATS

Representatives of France and Germany Sparring for Position in the Moroccan Controversy.

EARLY ADJUSTMENT IS EXPECTED

French Government Inclined to Take Part in Proposed International Conference On Certain Conditions—Feeling of Optimism Now Manifest in French Official Circles—Deliberation Will be Limited.

Berlin, June 20.—Premier Rouvier has informed Prince Radolin, the German ambassador at Paris, that France is inclined to accept the invitation to take part in the proposed conference on Morocco provided the German and French governments can reach a mutually satisfactory agreement as to the precise points to be considered by the conference. The conviction exists at the foreign office that France and Germany will be able to agree upon this programme. Although earnest differences of view are yet to be reconciled the authoritative judgement of the foreign office is that they will be overcome with negotiation. M. Rouvier has thus yielded to Prince von Buelow on two essential points on which M. Delcasse, the former foreign minister had refused the invitation to take part in a Morocco conference. M. Rouvier first consented to re-open the question and second agreed to take part in the conference provided the protocol is in conformity with French interests. This will be accepted by Germany which will limit the deliberations of the conference. Great Britain, supporting France, had also refused to join the proposed conference but Foreign Secretary Lansdowne has it is understood said that if France accepted Great Britain also would accept.

A great diplomatic battle is in progress with the probabilities leaning toward the German success.

No adequate expression of the German feeling at this time can be presented without making note of the very general belief in naval circles that Great Britain is seeking an excuse to check the great progress which is making in the German sea armament. This belief is widely expressed among naval officers of all classes. It is their view that Great Britain would be willing that France should suffer defeat on the land if Great Britain thereby was given a chance to destroy the German navy.

As a result of this feeling there is great activity in the German navy and it has never been so alert or so perfectly ready for defense as now. A possible explanation for this alarm is that Admiral Tirpitz has been anxious to test the preparedness and spread with which the navy could be placed upon a war basis, and therefore desired that the officers should feel the thrill and stimulus of an imminent action in order to bring out the best in them.

French are Optimistic.

Paris, June 19.—Official quarters have Monday show a feeling of optimism and

confidence concerning the early adjustment of the Franco-German controversy which is in marked contrast with the agitation and depression of the last week. It is definitely stated that the negotiations between Premier Rouvier and Prince Radolin, the German ambassador, give promise of accord within the present week. This doubtless will be for an international conference with the scope clearly defined so as not to give the slightest prejudice to French interests or obligations but rather to supplement the international agreements France heretofore has made. The conversations between M. Rouvier and Prince Radolin are proceeding in the most amicable spirit, with a feeling manifest on both sides to reach an agreement.

To Reopen Tin Plate Mills.

Columbus, O., June 20.—W. S. Ravenscroft of Pittsburg, Lakin C. Taylor of Cambridge and H. B. Stewart of Canton, the executive committee of the United Sheet & Tin Plate company, met here Monday and decided to re-open the mills at Marietta and Newcomerstown on July 1 with 600 men and gradually increase the number of workmen. Extensive improvements were decided upon.

Policeman Convicted of Manslaughter.

Norfolk, Neb., June 20.—Policeman Ault, who killed "Kid" English at Bonesteel, S. D., during last summer's rush to that place, has been convicted of manslaughter and sentenced to two years hard labor in the Sioux Falls penitentiary.

English Foot Ball Team Coming.

London, June 20.—The Corinthian (association) football team will sail August 3 on a short tour of the United States and Canada.

 Ed Henson and Son, of Roff, Found Dead this Morning.
 Bud Gregg was in Roff this morning and reports the death of Ed Henson and his 10 year old son.
 The victims were returning from their farm near Roff soon after the rain about 7 p. m. and not knowing that the creek (Blue) was impassable, he drove his team into the raging stream and the father and son were never seen alive again.
 This morning the body of Mr. Henson was found 300 yards below the crossing wrapped in willow branches on dry land, and the boy was found in shallow water about a quarter of a mile below his dead father.
 The wagon was lost but the team of mules were found alive and entangled in a barb wire fence.

KILLED BY LIGHTNING.
 At Least Ten Persons Are Killed During Storm.
 Shawnee, Ok., June 20.—Following the death of C. C. Brooks by lightning Saturday night, meager reports received at the Herald today indicate the death of at least ten people by lightning in the terrific electrical storm which swept over this county on that night. Gus Schroder, a farmer living fourteen miles from Shawnee, was killed while seated in a wagon under a shed, the lightning striking him in the mouth.
 The names of the other stricken ones at this time are unobtainable.
The Rain.
 A heavy rain began falling Monday about 6:00 p. m. and continued through the first half of the night.
 The new street sprinkler fought the dust faithfully all the day long, but the process was too slow for good old Jupiter Pluvius and he concluded to show us how much better and more satisfactorily his sprinkler does the work than ours.
 From general reports this morning the entire country was drenched. This will practically insure a good yield of early corn and all other crops have been wonderfully benefited.

M. D. STEINER, - BUSINESS MANAGER

Entered as second-class matter March 26, 1904, at the postoffice at Ada, Indian Territory, under the Act of Congress, March 3, 1879.

WHAT do we want with a street sprinkler today anyway?

"Two things thou lackest," says the new comer and the home seeker, sidewalk and growing shade trees.

We were clamoring for a street sprinkler a few days ago. Today we want sidewalks. Why not agitate this question of sidewalks now since we have a good system of waterworks?

THE day is not far away when a progressive business man will deem it as necessary and important to have his goods and wares advertised in a live, widely circulated newspaper as he will to have a book-keeper and salesman. All successful merchants argue that judicious advertising brought success to them. Then, if it has built up a business for thousands of merchants throughout the land, why will it not build up your business? Study seriously over the matter and begin to tell the people about your goods and the inducements you offer them for their patronage.

AND, by-the-way, we wonder why the Ada News has taken the Register off its exchange list? We haven't seen a copy of it for several weeks. -Purcell Register.

THE News feels complimented when the Register is placed on our exchange desk. We like to drive good trades too well not to swap even with Bro. Walker. We are sorry that mail of the News has been somewhere misplaced, and are glad that we are missed among his exchanges. Never mind, wait till Purcell and Ada are coupled by the C. V. & W. Railroad, then mail facilities will be direct and the News will have no trouble in finding Mr. Walker's sanctum.

THE LOUISVILLE REUNION.

The Indian Territory Veterans, Sons and Daughters Impressed South.

Indian Territory reunion attendants have returned. Nearly every one express that the reunion was a great success. Of course, in the crush, which with the partial lack of management by some of the members of the Louisville committee, there were some inconvenience, but likely not more than is incident to all gatherings of such magnitude. The Indian Territory and Oklahoma were splendidly represented. The Sponsors and Maids of Honor from the Territory were Miss Cabel of South McAlester, Miss Burnitt, Ardmore; Miss Crabtree, Muskogee; Miss Warren, Vinita; and Misses Avis and Suggs of Ardmore, the two latter young ladies most graciously representing as Sponsor and Maid of Honor of the Chickasaw Brigade of United Sons. Mrs. Mattie Cloyd and Mrs. Dr. Breckenridge, of Ada Maid of Honor and Sponsor for the William L. Byrd camp of veterans were present and reflected much honor to the Ada camp. Miss Fay Burnitt, of Ardmore and Miss Cora Alderson formerly of Ada were Maids of Honor for the South, and certainly they were most creditable ones. Miss Cabel, Sponsor together with her Maid of Honor for the Ind. Ter. Veterans were very notable ones. Miss Lizzie Jackson, of Wapanucka, Maid of Honor for the Trans-Mississippi department was a very attractive Indian maiden and was at all times in most popular demand. The Misses Crabtree and Warren, Sponsor and chief Maid of

Honor for the United Sons of the Territory were that attractive and popular, their escort and Territory commander himself secured much prominence by the notable ones requests to him for early introduction.

The Hon. C. W. Skeen, of Wapanucka, who was commander of the Trans-Mississippi department, was a leader in the big convention. His good friendship for the territory commander of the Sons and splendid qualification as a speaker were principal assistance to him in securing the passage of a resolution through the convention which gave good advertisement to the territory. Col. Sidney Suggs did more genuine advertising for the territory than anyone. The colonel has been wound up several years on the greatness of the territory and has never run down and seldom fails to strike. He gave himself almost completely to the service of the ladies of the territory, only sometimes, stepping aside to sell a subscription to the Ardmoreite.

The official ball, the great annual social event of the south, was an occasion ever to be remembered. A thousand beautifully dressed ladies and handsomely attired gentlemen of the south, presented a social galaxy that tended to thrill the raw bloods of the territory, or any one else. At this ball the Louisville committee would admit no gentleman unless he had a ticket and should be appeared in a full uniform or dress suit. This was a little discommoding to James E. Webb, of Ada, commissary general of the territory, also the territory commander, for neither had dress suit or uniform, and it was only after the very fluent argument of Col. Webb and persuasive glances of the young ladies that they were admitted with their company.

Many Veterans from Ada and Rod were in attendance and at different times during the progress of the Reunion were seen in happy association with some of their old comrades from way down South.

The Reunion will be entertained by New Orleans next year.

THE SQUADRON SAILS.

Rear Admiral Sigbee Will Bring
Home the Body of John
Paul Jones.

New York, June 20.—Rear Admiral Sigbee's squadron, which was detailed from the north Atlantic fleet to bring the body of John Paul Jones, the first admiral of the American navy, to this country, started on its voyage to France Sunday. The squadron consisting of the flagship Brooklyn and the cruisers Chattanooga Tacoma and Galveston arrived at the anchorage off Tompkinsville about two weeks ago and remained there pending the arrangements by the French authorities of the ceremonies incident to the embarkation of the body of the admiral at the port of Cherbourg. The signal to get under way was made from the flagship and the squadron, headed by the Brooklyn steamed in column through the Narrows and an hour later passed out of Sandy Hook.

The remains of the great admiral will be carried aboard the Brooklyn amid the salutes of the French and American warships and placed on a flag draped catafalque erected on the quarters, after which the squadron will proceed for Annapolis where the final interment will take place.

THE SANTA FE CASE.

Another Conference at the White House
Regarding the Policy to be Pursued
by the Government.

Washington, June 20.—A conference was held at the White House Monday between the president and Attorney General Moody with respect to the policy to be pursued in the Santa Fe re-estate case with which Secretary Mor- ton is connected. At the conclusion of the conference which lasted more than an hour Mr. Moody said he was not in a position yet to discuss the matter.

The president has agreed with the general attorney as to the publication of the details of the correspondence and it is expected he will supplement in an official announcement the statements made in the letters which have passed between Messrs. Harmon and Judson and the department of justice.

Ohio Crops Damaged by Rain.

Columbus, O., June 20.—Reports from Ohio show that the rainstorm early Monday was one of the heaviest of the season and did considerable damage to the growing corn and wheat fields. The rain was accompanied by a stiff wind, uprooting trees, blowing down wheat, and throwing down fences. Many farmers report that the wind blew off much fruit. Reports from Springfield, Dayton, and other towns say that many shade trees were ruined. In this city three of the inmates of the Home of the Aged were slightly shocked by lightning.

Four Large Operators Dispose of
Their Holdings to the Company
Promoting Pipe Line.

Tulsa, I. T., June 20.—At a meeting of promoters of an independent pipe line to be built from the Kansas territory field to Port Arthur, Tex., four of the largest companies in the territory field signed contracts to dispose of their entire plants, leases and outputs of the wells. Efforts will be made to have other companies operating in the field sign contracts. The deal in cash and stock in the corporation aggregates \$90,000. It is reported that this independent pipe line company already has at its disposal 11,000 barrels daily from the territory and Kansas field together, with 118,000 acres of leases. Many of the producers are of the opinion that the pipe line to the gulf will result in a higher price for oil.

The Atlantic Again the Winner.

Island of Heligoland, June 20.—The American schooner yacht Atlantic won the race for auxiliary yachts from Dover to Heligoland, completing the course in 41 hours 26 minutes 24 seconds. The annual race from Dover to Heligoland was won by the schooner yacht Susanne, owned by O. Huld-schinsky of Germany. Time 40 hours 42 minutes 40 seconds.

Arrived Ahead of Time.

New York, June 20.—The Twentieth Century Limited train on the New York Central railroad arrived in this city from Chicago at 9:27 a. m. Monday, three minutes ahead of time. It left Chicago at 2:30 p. m. (Central time) Sunday, and made the run in 17 hours and 57 minutes. This was the Twentieth Century's first trip as an 18-hour train.

Cholera at Buchin.

London, June 20.—The correspondent at Tokio of the Daily Telegraph says: "A Russian cavalry base has been established at Podue, in Mongolia. Fears are expressed by the Pekin government that Russia, expelled from Manchuria, may seize Mongolia. A Yinkow telegram states that cholera and dysentery are raging a Karbin and that the death rate there is 100 daily."

Good Rains in Kansas.

Topeka, Kan., June 20.—Sunday night's rain in Topeka amounted to .67 of an inch. The rain was general over eastern and central Kansas, the rainfalls reported by the government weather bureau stations being: Baker, .32; Fort Scott, .150; McPherson, .30; Manhattan, trace; Osage City, .26; Topeka, .67; Wichita, trace; Kansas City, .82.

Fatal New York Boiler Explosion.

New York, June 20.—Two deaths have resulted from the shower of shattered steel and the clouds of steam which followed the boiler explosion near the banks of the Hudson river on the upper West side Sunday. The victims are Joseph Morgan, colored, a fireman, whose death resulted from scalds, and Frank Marone, 18 years old.

DEATH OF GEN. GOMEZ.

Aged Cuban Patriot Passed Away at Havana—Congress Takes Appropriate Action—Funeral Thursday.

Havana, June 20.—Gen. Maximo Gomez died here at six o'clock Saturday evening. He was about 77 years old. Gen. Gomez underwent an operation in May for an abscess on one hand. Gangrene set in, and this week the general's condition became so bad that it was known that death was near.

The body of Gen. Gomez was taken to the palace, where it now lies in state in the principal salon surrounded by great masses of flowers sent by relatives, friends, comrades, the government departments and political organizations. The body is guarded by rural guards and several of the general's friends are acting as a guard of honor. There was a procession of visitors to the palace Sunday, but the face of the general was not exposed after it was finally looked upon by the members of his family. Band concerts and performances in the theaters, which are customary on Sunday, as well as all social gaieties, are wholly suspended.

Congress at a special session early Sunday morning decided that the period of mourning shall continue for three days, during which time public business will be suspended. Both houses appropriated \$15,000 for the funeral, which will take place next Tuesday.

THE LUTHERAN SYNOD.

Biennial Report of Board of Church Extension Received—Best in History of Church.

Pittsburg, June 20.—The fourth day's session of the general synod of the Evangelical Lutheran church in America convened Monday with devotional exercises. Notwithstanding the warm weather all the 260 delegates were in their seats. The first important business of the morning was the 19th biennial report of the board of church extension.

The report was the best in the history of the work of the board. For the two years ending April 30, last the total receipts were \$145,194.79, an increase over the report of 1903 of \$12,320.67. The total assets were \$471,869.60, which includes \$274,720.98 on the books as overdue loans. During the biennium 52 churches were aided by loans and 263 received donations an increase of 72. The amount raised by the 25 synods in two years was \$69,772.90, which was \$13,663.33 less than the apportionment.

Recommendations were made that the apportionment for church extension remain for the next two years at 20 cents per member, the same as now and that the apportionment for a parsonage fund be five cents per member.

National Guard Association Meets.

St. Paul, June 20.—Assistant Secretary of War Robert S. Oliver and party, including representatives of the army, navy and marine corps arrived in St. Paul Monday to attend the meetings of the Interstate National guard association to be held in armory hall here. The first session was called to order at 10 o'clock by Gen. Gobin of Pennsylvania, first vice president of the association in the absence of Gen. Dick of Ohio, who is ill at his home.

Congressman Bartholdt in Berlin.

Berlin, June 20.—Congressman Bartholdt of St. Louis, president of the Inter Parliamentary union to promote arbitration, has been for ten days overlooking the material supplied by the foreign office to assist him in drafting the model arbitration treaty which the union asked him to prepare. Mr. Bartholdt will visit some of the other European foreign offices with the same object before the meeting of the union at Brussels August 28.

Were Sleeping by the Track.

Denver, Col., June 20.—A special to the Republican from Las Animas, Col., says that Carl Dreunan, aged 17, of Joplin, Mo., and Carl Phoenix, aged 20, of Cherryvale, Kan., were killed by a Santa Fe train, four miles west of there Sunday. The youths were sleeping beside the track with their heads on the ties. They were awakened by the noise of a passing train, and raising suddenly, were struck on the head by the steps of the coaches.

WOULD RATHER BE PRESIDENT

Secretary Taft Denies That He Is to Succeed Fuller as Chief Justice.

Washington, June 20.—Secretary of War Taft has emphatically put an end to reports that he would succeed Chief Justice Melville W. Fuller, of Chicago, on the bench of the supreme court. A report was current that Mr. Fuller was to be appointed a member of the Hague tribunal, to make way for Secretary Taft.

"I have heard such stories many times before," said the secretary, "but from a source to which no credence could be given. I know absolutely nothing about such a plan, and it would be fair to infer that I would know something if any such plan were contemplated at this time."

Confirmation of this comes second-handed from Chief Justice Fuller himself. He recently told a close friend that he never contemplated resigning from the bench. He said no chief justice of the supreme court had ever done so, and he did not propose to violate the precedent.
